The basic invoicing and carton labeling requirements for Store #41 are the same as the Last Call Stores. However, there are some important differences in packaging requirements for Neiman Marcus Direct. We have listed below some of the unique requirements for sending merchandise to our NMD Facility and your Store #41 order. To see the complete listing, please use the above link.

1. All merchandise must be packed by merchandise SKU
 - *If quantities do not warrant the pack by SKU method, there must be an indicator on the outside of the carton that mixed SKU's are inside – If this method is used, only ONE Style can be packed inside a carton The GS1 Carton Contents label is sufficient labeling for "Mixed SKU's"
2. All merchandise must be labeled with the manufacture style/color/size
3. All merchandise must be packed by selling unit.
 - For example – If merchandise is sold as sets, it must be packaged as a set
4. All merchandise must be in a protective covering –ie: – Plastic bags
5. Country of Origin label must be attached to the merchandise or on merchandise label
6. Clothing items must have Fabric Content & Care label attached along with the size listed in the format on the Purchase order
 - For example - S, M, L vs. 2, 4, 6 1/2
7. Color description is required on the invoice and packing slip
